

The
little **SCHOOL**

that's **making**

a

big impact.

YORKSHIRE ACADEMY

300 STUDENTS – 18 MONTHS – 5TH GRADE

A little grit leads to big achievements.

Imagine a school where spurring your child's joy is just as important as teaching progressive academics. Picture a place where kids from across Houston and all over the world are encouraged to explore, collaborate, theorize, make mistakes, persevere and solve. Envision a campus that's alive with questions, wonder, laughter, and the kind of learning that lasts for life.

This is Yorkshire Academy. It is a fun and friendly place where kids can just be kids growing up. It is also an advanced school that is building students of intelligence, confidence, kindness, integrity – and grit. Yorkshire Academy kids are strong, in academics and in character. We believe this combination is why our students achieve so much here and wherever they go from here.

Everyone treats each other with kindness. You never feel alone when you are at Yorkshire Academy.

NORA NAVARRO

A little encouragement can inspire a *big* passion.

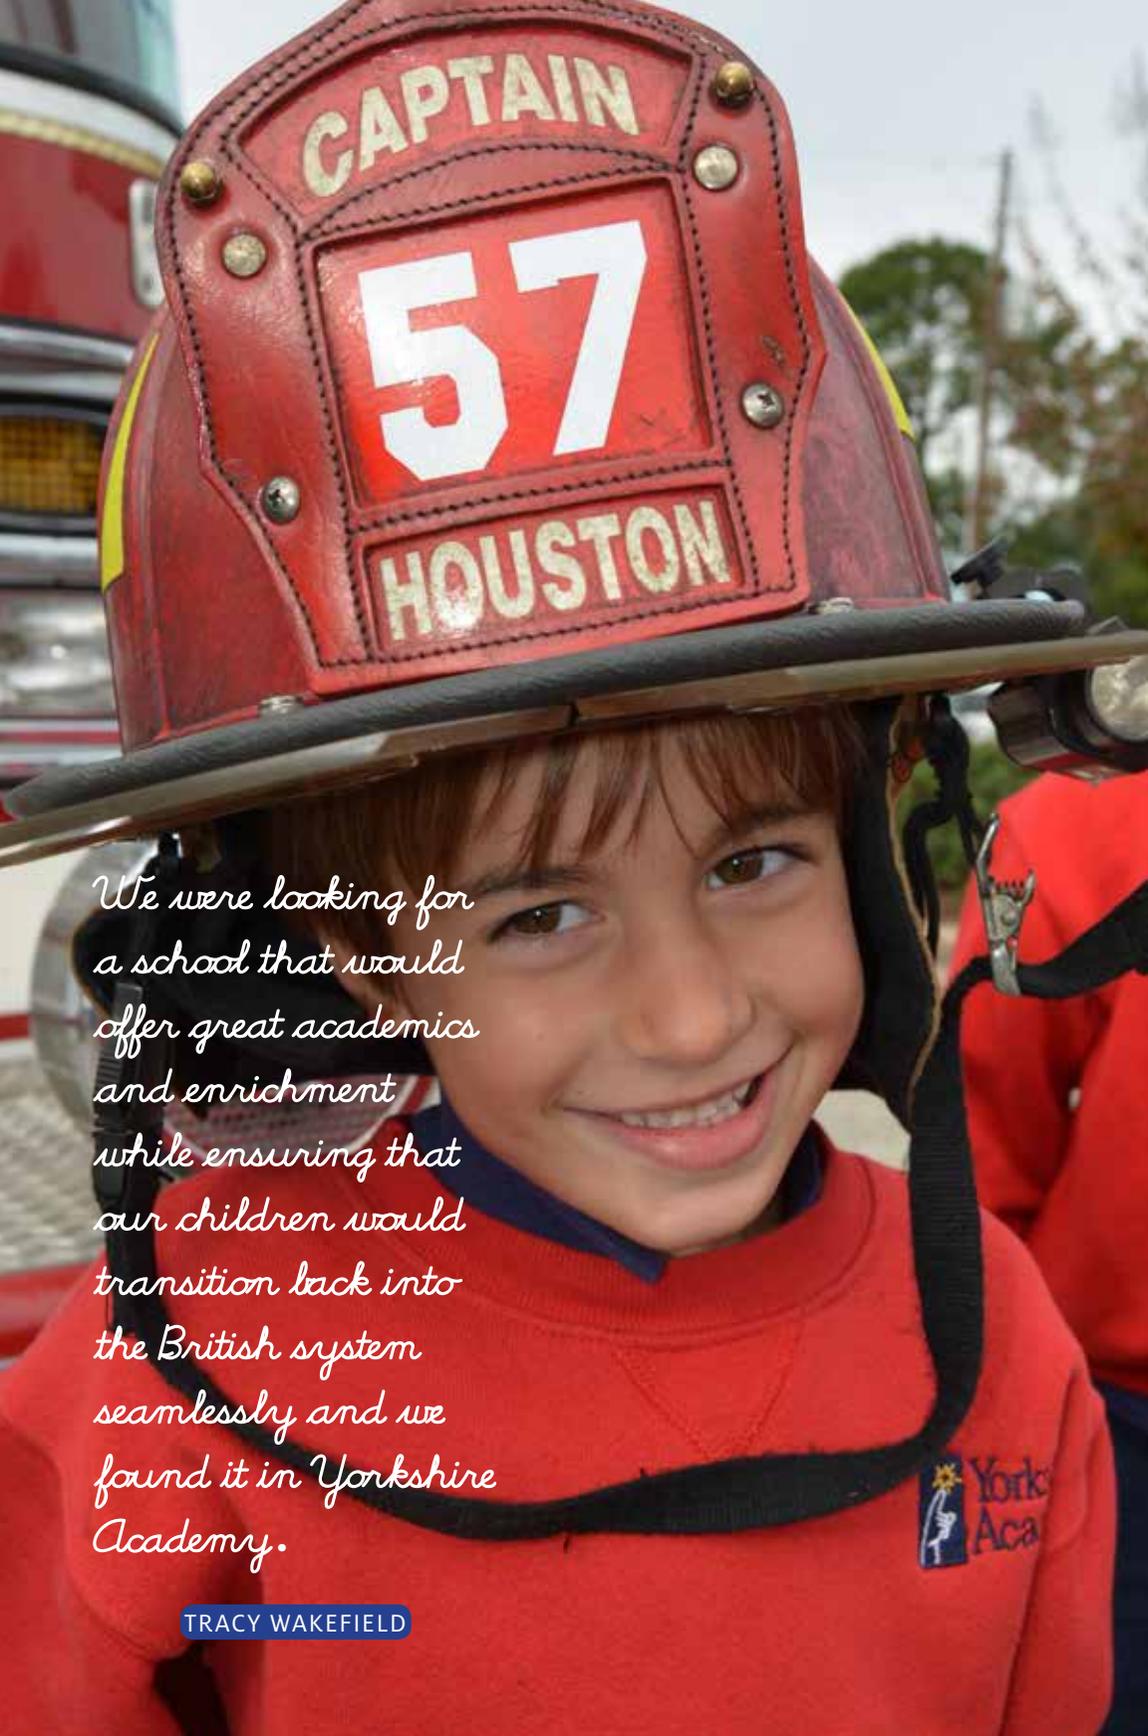

Stroll our purposefully designed outdoor spaces and peek into our classrooms. Everywhere you look is lively learning. Innovative practices guide our core programs in math, science, technology, language and humanities. We also know that developing a whole child means embracing art, culture, sport and creativity.

We offer extensive enrichment programs in painting, music, theatre, Spanish, PE and more. Plus our after-school programs offer dozens of opportunities, including chess, robotics, dance, soccer and much more. We encourage our students to explore all the amazing possibilities our world has to offer. We know that this is where lifelong passions are ignited.

This school had a special feeling about it. It felt comfortable and like family to me.

BESS BALDWIN

We were looking for a school that would offer great academics and enrichment while ensuring that our children would transition back into the British system seamlessly and we found it in Yorkshire Academy.

TRACY WAKEFIELD

A little visit can make a *big* difference.

Choosing the right school for your child is an enormous and often agonizing decision. Perhaps we can help. Come tour our campus, meet our teachers and leadership, get a feel for what we stand for.

Our little school might make the big impact you've been looking for.

We are Yorkshire Academy, where children 18 months through the 5th grade discover the joy of learning. Since 1984, our rich curriculum and dedicated teachers have prepared students for a lifetime of success, both in and out of the classroom.

Full-time care and extended academic and enrichment summer programs are available. Yorkshire Academy is accredited by the Texas Alliance of Accredited Private Schools.
